Governor Proclaims Emergency Medical Services Week in North Dakota

BISMARCK, N.D. – Governor John Hoeven has proclaimed May 16 through 22, 2010, as Emergency Medical Services Week in North Dakota.

This year's event honors the more than 5,000 personnel who serve the state's emergency medical services (EMS) system. This year's theme, "**Anytime. Anywhere. We'll Be There.**" emphasizes the excellent services provided every day, under any circumstances, by the North Dakota EMS providers who serve their communities.

"Emergency medical services are an integral part of North Dakota's health-care system," Hoeven said. "These dedicated and determined emergency workers help to ensure the health, protection and physical well-being of all North Dakotans. They are heroes every day."

The members of emergency medical services teams, both pre-hospital and in-hospital, are highly trained specialists ready to provide lifesaving care to those in need 24 hours a day, seven days a week. Emergency medical services systems dramatically improve the survival and recovery rate of people who experience sudden illness or injury, and EMS personnel are dedicated to saving lives through injury prevention, safety awareness and emergency preparedness.
